

# KENT NATURAL BURIALS LTD

## NEWSLETTER ~ MARCH 2009

Dear Friends

We would like to update you as to the progress being made at DEERTON NATURAL BURIAL GROUND.

First some words about our second Tree Planting Day.

A warm end of February day, often with bright sunshine, enabled relatives and friends to plant memorial trees and spring flowers on their loved ones' graves. There were babes in arms, youngsters and many older folks as well as well behaved dogs! In fact more than a hundred people came to Deerton on that Saturday.

There were some tears but also many smiles. Conversations and exchanges of memories and opinions enabled everyone to appreciate this special day.

The mature trees planted plus the flowers have made an enormous difference to the appearance of the burial ground. So too, the trees and hedging plants which are now beginning to burst into bud and leaf.

Benches

Five oak benches are being made by a local company and hopefully will be in situ by the beginning of April. This will enable visitors and those coming to burials to have somewhere to sit, in different areas around the ground. There will be two 6ft and three 4ft benches. Should you wish to make a donation towards these we would be pleased to hear from you. To those that have already given money - thank you again.

We hope to be able to record names on the benches also. More information about that at a later stage.

Open Days

Once again we will be having two open days in July. They will be Friday 10th July from 11am to 8 pm and Saturday 11th July from 11am to 4 pm. There will be a large marquee with tea, coffee, soft drinks and various nibbles. Perhaps you might like to bring a picnic - weather permitting! These days will be an opportunity, not only for folks to visit loved ones, but also for those thinking about organising a natural burial in the future.
